IMMUNIZATIONS

- If you have **children entering Kindergarten (5K)** in the fall, state law requires their immunizations be up to date. See enclosed immunization law requirements, or check with your healthcare provider to make sure your child is compliant with this law **BEFORE** the start of school. Please turn in an up-to-date immunization record to the office or school nurse.
- State law now requires a single dose of Tdap (tetanus, diphtheria, acellular pertussis) vaccine in students grades 6-12. If your **child is entering 6th grade**, or is in grade 7-12, and has not received this vaccine, please do so before the start of school.
- If you choose not to immunize your child, you must sign a waiver every two years. Be aware that if you choose not to immunize your child, and we have a disease outbreak, an unvaccinated child may not be allowed to attend school.

MEDICATIONS AT SCHOOL

- If your child will be receiving **prescription medications** at school the "Authorization to Administer Prescribed Medication" form must be filled out and signed by the health care provider prior to the start of school.
- If you would like your child to receive **over the counter medications** or they are in need of a short-term (2 weeks or less) prescription medication, the "Authorization to Administer Over-the-counter Medication or Short-term Prescription Medication" form must be filled out and signed by the parent/guardian before it can be administered at school.
- If your child has a history of **severe allergic reactions** requiring him/her to have epinephrine available, or if your child has **diabetes**, or a history of **seizures** or is **asthmatic** requiring a rescue inhaler, the parent/guardian and child's health care provider will need to fill out an appropriate Emergency Action Plan form. This must be returned prior to the start of school.
- During the school year, parents/guardians must bring medications to school in a pharmacy- labeled container (over the counter medications must be in original packaging). When having prescriptions filled, ask the pharmacy for a "school" bottle.
- **All the above forms for medications and Emergency Action Plans (for students with a history of severe allergies, diabetes, seizures and asthma) can be found on the school's website, under DEPARTMENTS, click on HEALTH/SCHOOL NURSE or pick up a copy from the office.**
- Please make sure all health forms are filled out completely and appropriately signed (**PARENT & PHYSICIAN**) before the start of school. Please schedule an appointment with the Health Office staff to drop off forms and medications. Call 715-854-2721 ext. 347 to schedule a time or email: switt@crivitz.k12.wi.us

FOOD SERVICE

The food service program is based on a **PAYMENT IN ADVANCE** accounting system. Your account **must** have a positive balance in order to participate in the program. Positive balance is needed prior to the first day of school. If you are planning on your child(ren) purchasing milk, **parents are asked to PREPAY on a regular basis** with checks made payable to: School District of Crivitz, Attn: Food Services 400 South Ave., Crivitz, WI 54114, or bring in payment to any one of the offices, or you can sign up for automatic payment thru the School Web page under the Quick Links "Online Food Service Payments".

MILK

One half pint of milk is included per meal. Milk for Early Childhood, 4K, 5K morning milk break or additional milk with breakfast / lunch or with cold lunch will be charged \$.40 to your child's account regardless if they qualify for free meals. Students will not be allowed to charge milk if there is insufficient money in their account, this includes students qualifying for free meals that bring a cold lunch and want to purchase a milk.

BREAKFAST 4K-6

4K students will go to the cafeteria to eat breakfast as a class after school starts. All 5K-6th grade students will let their teachers know the day prior if they should be added to the breakfast count. 5K-6th grade breakfast will be eaten in classrooms.

KEYPAD NUMBERS

Food service key pad numbers can be found in Skyward Family Access by clicking the Food Service tab.

We are pleased to inform you that the *School District of Crivitz* will implement the Community Eligibility Provision (CEP) while participating in the National School Lunch and Breakfast Programs starting school year 2024-2025. **This program may last until the 2028-2029 school year depending on participation.**

What does this mean for you and your children attending the school(s) identified below? All enrolled students of the **School District of Crivitz** are eligible to receive a healthy breakfast and lunch at school at **no charge** to your household each day of the school year. Your child (ren) can participate in these meal programs without paying a fee or submitting a meal application.

There will still be a **\$.40 milk charge** for those students who choose to have milk with a cold lunch or participate in **milk break for grades 4K-5K.**

If we can be of any further assistance, please contact us at 715-854-2721 or email Scooper@crivitz.k12.wi.us Stacey Cooper, Food Service Director

ANNUAL NOTICE OF SPECIAL EDUCATION REFERRAL AND EVALUATION PROCEDURES

Upon request, the Crivitz School District is required to evaluate a child for eligibility for special education services. A request for evaluation is known as a referral. When the district receives a referral, the district will appoint an Individualized Education Program (IEP) team to determine if the child has a disability, and if the child needs special education services. The district locates, identifies, and evaluates all children with disabilities who are enrolled by their parents in private (including religious) schools, elementary schools and secondary schools located in the school district.

A physician, nurse, psychologist, social worker, or administrator of a social agency who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to refer the child, including a homeless child, to the school district in which the child resides. Before referring the child, the person making the referral must inform the child's parent that the referral will be made.

Others, including parents, who reasonably believe a child is a child with a disability may also refer the child, including a homeless child, to the school district in which the child resides.

Referrals must be in writing and include the reason why the person believes the child is a child with a disability. A referral may be made by contacting Stacey Caine, Director of Special Education, Crivitz School District at 715-854-2721 Ext 454 or by writing her at 718 Hall Hay, Crivitz, WI 54114.

8500.01 - FOOD SERVICES/ACCOUNTING SYSTEM

The School District of Crivitz uses an automated lunch accounting system to record food service payments and to monitor food transactions. Parents/guardians are expected to maintain their lunch account in a positive status. Any funds remaining in family lunch accounts at the end of the school year will carry over to the next school year. Refunds will be issued to family upon their last child leaving the District, or in other cases upon written parental request. In both scenarios all other student accounts are to have an even or positive balance. Students and staff will be issued an identification number and assigned a lunch account that the computer will monitor. All adults may choose to purchase a daily lunch ticket. All adult lunches are on a prepaid basis only. Lunch tickets must be purchased in the school office. No charging or extension of credit is permitted. The Food Service Director shall be responsible for the accurate and timely collection of funds due the District from food service related transactions. Building principals may be asked for assistance in problem collection situations. All receipts from food service transactions shall be deposited promptly. **Families with account balances below negative \$5.00 per family account will be notified.** No students will be informed of low account balances in the lunch line. All accounts at zero balance will be mailed a detailed account statement or will be called by the Food Service Director. The caller should keep detailed notes of any phone conversations. **At the time that the account reaches a maximum of negative \$5.00 the parent will be notified that all family members will be denied access to food service programs** until a mutually agreed upon payment plan is reached or the account balance is paid in full. Families will be contacted prior to being denied access to school food service no later than the school day prior to the actual termination of service. Parents will be reminded to send a bag lunch with their children the next school day. The accounts of students being denied food service will be inactivated so the identification number will no longer be able to be used to purchase food. The Superintendent or designee shall be expected to protect the taxpayers of the District by making every effort to collect all food service related charges due the District and shall review all outstanding obligations and approve for write-off any debt which in his/her judgment remains uncollectible at the end of each fiscal year. Parents/guardians who claim that the financial condition of their family is such that they cannot afford to pay for the cost of their children's meals shall be encouraged to make application for free or reduced meals in accordance with federal regulations.

For full food service policy 8500 you may go to the Crivitz website and click the district tab and click District Policy Book & Admin Guidelines.

Crivitz School District - NOTICE OF SPECIAL NEEDS SCHOLARSHIP PROGRAM (Issued pursuant to Section 115.7915(5)(a) of the State Statutes)

This notice serves to inform parents and guardians of students with disabilities that the State of Wisconsin has established the "Special Needs Scholarship Program." Under this scholarship program, a child with a disability may be eligible to receive a scholarship from the Department of Public Instruction (DPI) that allows the child to attend a private school that is participating in the scholarship program. Students who apply for and receive a scholarship may first attend an eligible private school under the program beginning in the 2016-17 school year.

A parent or guardian who is interested in the Special Needs Scholarship Program should independently verify the participating private schools and the specific terms, eligibility criteria, and application procedures of the scholarship program with the DPI. However, the following are some of the initial eligibility requirements that a child must meet in order to receive a program scholarship that covers attendance at an eligible private school beginning in the 2016-17 school year:

1. The child, or the child's parent or guardian on behalf of the child, must have submitted the required application for a program scholarship to the eligible private school that the child will attend.
2. An individualized education program, or a services plan as defined under 34 C.F.R. §300.37 of the federal special education regulations, must have been completed for the child.
3. The child must have applied to attend a public school in one or more nonresident school districts under the state's fulltime open enrollment program (see section 118.51 of the statutes) for either the 2011-12, 2012-13, 2013-14, 2014-15, or 2015-16 school year, and all of the open enrollment application(s) submitted for any of those school years must have been denied for one of several specified reasons (including having the DPI affirm the denials if the parent or guardian submitted an appeal).
4. The child must have attended a public school in Wisconsin for the 2015-16 school year.

The initial eligibility requirements that a child must meet in order to receive a program scholarship that covers attendance at an eligible private school beginning in the 2018-19 school year (or beginning in any later school year) are different from the requirements listed above. Additional information about the Special Needs Scholarship Program should be available on the website of the Wisconsin Department of Public Instruction: <http://dpi.wi.gov>.

USDA Nondiscrimination Statement Update

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at:

ASBESTOS NOTIFICATION

As a result of federal legislation (Asbestos Hazard Emergency Response Act - AHERA), each primary and secondary school in the nation is required to complete a stringent inspection for asbestos and to develop a plan of management for all asbestos-containing building materials. The Crivitz School District has a goal to be in full compliance with this law and is following the spirit, as well as the letter of the law. As a matter of policy, the district shall continue to maintain a safe and healthful environment for our community's youth and employees.

In keeping with this legislation, all buildings (including portables and support buildings) owned or leased by the Crivitz School District were inspected by EPA accredited inspectors and samples were analyzed by an independent laboratory. Based on the inspection, the school prepared, and the state approved, a comprehensive management plan for handling the asbestos located within its buildings safely and responsibly.

Furthermore, the Crivitz School District has completed their 3-Year Re-inspection required by AHERA. Our district buildings, where asbestos-containing materials were found, are maintained under our Operations and Management program.

This past year the Crivitz School District conducted the following with respect to its asbestos containing building materials:

- *Abatement of Asbestos Containing Floor Tile at the Elementary/Middle School*
- *Continued our Operations and Maintenance Program*

Federal law requires a periodic walk-through (called "surveillance") every six months of each area containing asbestos. In addition, the law requires all buildings to be re-inspected every three years after a management plan went into effect. MacNeil Environmental, Inc will accomplish this under contract.

Short-term workers (outside contractors - i.e., telephone repair workers, electricians and exterminators) must be provided information regarding the location of asbestos in which they may come into contact. All short-term workers shall contact the district's Designated Person before commencing work to be given this information.

The Crivitz School District has a list of the location(s) and type(s) of asbestos containing materials found in that school building and a description and timetable for their proper management. A copy of the Asbestos Management Plan is available for review in the school office. Questions related to the plan should be directed to Tom White, Director of Buildings and Grounds.
