

School District of Crivitz Student/Parent/Teacher Compact

The School District of Crivitz recognizes that parent involvement in a child's learning, both at home and at school, plays a key role in a child's success at school. It also recognizes that the school and parents must share responsibility for providing opportunities for each child to meet challenging state content and performance standards. In sharing this responsibility, parents, students, and teachers must work and plan together. This compact is a mutual agreement in which we promise to make a commitment to sharing responsibility for learning.

Student

I will do my best to:

- Read at home every day
- Ask for help when I need it
